**Expression of Interest****Parent Information Session – How to support your child with at home with Mathematics**

Dear Kindergarten Parents and Carers,

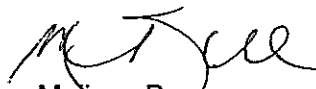

Mathematics is an important part of the daily routine for your child at school. Parents often ask how they can help support their child at home with mathematics and in other aspects of numeracy.

This term, we are looking at offering a parent information session for Kindergarten parents who are interested in hearing from two of our expert mathematics teachers, Mrs Kelly Minogue (experienced math teacher) and Mrs Melissa Bye (Instructional Leader Numeracy), about ways to support their child with mathematics at home.

The information session will include discussions about strategies you can use at home with your child, helpful tips on promoting enjoyment in mathematics, and the sharing of some games to play.

Interpreters for non-English speakers will be available, if required.

If you are interested in attending this information session, please fill in the expression of interest slip below and return it to your child's teacher by the end of week 3 Friday 17th May).

  
Kelly Minogue  
Kindergarten Teacher  
Melissa Bye  
Instructional Leader Numeracy  
Rebecca Ingram  
Rel Principal

---

*Please return this to your child's teacher by the end of week 3 (Friday 17<sup>th</sup> May)*
